

Amanda Changa

FRONTEND / FULL-STACK DEVELOPER | AI-ASSISTED DEVELOPMENT

Lake Worth, FL | 561-891-8062 | amandachanga7@gmail.com | Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Frontend and full-stack developer with experience designing, building, testing, and deploying production websites and web applications for businesses and community organizations. Skilled in React, Next.js, TypeScript, Node.js, responsive UI development, and AI-assisted software workflows using OpenAI Codex and ChatGPT.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS

Frontend: React, Next.js, Tailwind CSS, React Router, Vite, Material UI, Bootstrap

Backend & Data: Node.js, Express, REST APIs, GraphQL, Next.js API Routes, PostgreSQL, MongoDB

Testing & Tools: Playwright, Vitest, React Testing Library, ESLint, Git, GitHub, Hostinger, WordPress

AI-Assisted Development: OpenAI Codex, ChatGPT, GitHub Copilot

EXPERIENCE

Freelance Web Developer & Product Designer | Independent | Remote

Jun 2025 – Present

- Designed, built, and deployed four production websites for engineering, electrical equipment, medical supply, and software services organizations using React, Next.js, TypeScript, Tailwind CSS, Vite, and WordPress.
- Implemented reusable components, responsive layouts, interface animations, structured content, validated contact APIs, email-delivery workflows, and user-facing error handling.
- Created Horizon Energy's original WordPress/Elementor website, then rebuilt and refactored it as a React/Vite application using the approved WordPress design and content as the reference.
- Managed Hostinger hosting and domain-connected launches, including DNS, SSL, environment configuration, production deployment, updates, and post-launch support.
- Applied Codex and ChatGPT to requirements analysis, implementation planning, debugging, testing, and documentation while retaining ownership of code review, validation, and delivery.

Selected work: buildmyio.com | nscontractsupplies.com | hrzeng.com | wcelectricsales.com

League Copilot | Frontend Developer / UI Contributor | Remote | league-copilot.com

Apr 2026 – Jun 2026

- Developed and refined responsive React/TypeScript interfaces across dashboards, statistics, standings, schedules, Commissioner Tools, league settings, and team-administration workflows.
- Standardized complex overlays through reusable, accessible modal components and improved mobile navigation, responsive layouts, light/dark theme contrast, and interaction states.
- Added and maintained Vitest contract tests to protect frontend component structure, responsive behavior, modal usage, navigation, and interaction states.

SELECTED PROJECT

Recipe Vault | Full-Stack Developer | recipe-vault-ten.vercel.app | github.com/mandi7469/recipe-vault

- Built and deployed a recipe-management application with React, Next.js, TypeScript, Tailwind CSS, and MongoDB, enabling users to browse, search, and manage recipes.

ADDITIONAL EXPERIENCE

American Traveler Staffing Professionals | Credentialing Specialist | Remote

2022 – 2024

- Managed credentialing workflows for 100+ healthcare providers, auditing documentation, resolving discrepancies, and coordinating time-sensitive requirements.

Minerley Fein P.A. | Legal Assistant | 2021 – 2022

Helbing Law Group | Account Manager | 2018 – 2020
